# PORT

## FACILITIES

JSB Investments Inc. has three port facilities strategically located on the banks of three of the main rivers in Guyana. Our port facility at the Soesdyke junction which located on the eastern bank of the Demerara River is the gateway to Linden/Soesdyke highway and the businesses, resources and opportunities it has to offer. Located on the western bank of the Demerara River is our Laretrait wharf facility that's also used as a resale outlet for sand, stone and loam to service the demand of the Construction industry and massive infrastructural development by the government and private stakeholders.

Armoroc Construction and Engineering Inc provides a wide range of construction services, including design and build, construction management, and general contracting. The company has a team of highly skilled professionals who are experts in their respective fields, ensuring that all projects are completed to the highest standard.

## Safety COMMITMENT

One of the key factors that sets Armoroc Construction and Engineering apart from its competitors is its commitment to safety. The company is dedicated to ensuring the safety of its employees, clients, and the general public, and has implemented strict safety protocols to minimize the risk of accidents and injuries. The company also invests heavily in training and development for its employees, ensuring that they are equipped with the knowledge and skills required to work safely and effectively on construction sites.

# TRIDENT MARINE TRADING INC.

Trident Marine Trading Inc. is a leading provider of sand for a variety of applications. Established 5 years ago, the company is located in Guyana and has established itself as a leading supplier in the Caribbean region and locally in Guyana. With its extensive network of clients, Trident Marine Trading Inc. exports sand to St. Lucia, Grenada, Barbados, and the Dominican Republic, among other countries.

The company's sand is highly valued by its clients, and is used for a wide range of purposes, including beach reclamation, golf courses, and general construction. The sand is known for its high quality, versatility, and durability, making it an excellent choice for a variety of applications.

One of the key advantages of Trident Marine Trading Inc. is its ability to provide shipping for its clients. With its own fleet of chartered vessels, the company is able to provide fast and efficient transportation of sand to its clients, anywhere in the Caribbean. This makes it easy for clients to receive the sand they need, when they need it, without having to worry about organizing shipping themselves.

In addition to providing shipping, Trident Marine Trading Inc. is also dedicated to providing excellent customer service. The company has a team of knowledgeable and friendly staff who are always available to answer questions, provide advice, and help clients with their needs. Whether clients are looking for information on product availability, shipping options, or anything else, Trident Marine Trading Inc. is always there to help.

Armor Blocks is a dynamic and innovative company that specializes in the production and sale of sifting blocks and pavers. Established just one year ago, Armor Blocks has quickly established itself as a leading supplier in the Guyana market. The company is located on the Linden Soesdyke Highway and is easily accessible for customers from across the region.

Armor Blocks offers a wide range of high-quality sifting blocks and pavers, available in various sizes, colors, and shapes. The company uses only the finest materials to produce its products, ensuring that they are durable and long-lasting. The blocks and pavers are suitable for a wide range of applications, including residential and commercial landscaping, driveway and walkway paving, and retaining walls.

One of the key factors that sets Armor Blocks apart from its competitors is its commitment to customer service. The company has a team of knowledgeable and friendly staff who are dedicated to helping customers find the right products for their needs. Whether customers are looking for advice on the best products for their specific application, or help with product selection, Armor Blocks is always ready to assist.

## About ARMOROC TRADING

---

Armoroc Trading is a leading import and trading company located in Guyana. Established 5 years ago, the company has established a reputation for providing high-quality aggregates such as sifting, stone (in 3/4" and 1/2" sizes), crusher run, and other specifications. The company's commitment to quality and customer service has made it a popular choice for customers in the construction and building industries.

One of the key advantages of Armoroc Trading is its own fleet of vessels, which allows the company to remain competitive and get cargo to its customers on time. This gives Armoroc Trading a significant advantage over its competitors, and ensures that clients receive their goods quickly and efficiently.
